# What is Fundación Sí

---

A non-profit non-governmental organization integrated entirely of **non-vented volunteers** who carry out different projects aimed at promoting **social inclusion** of the most vulnerable people in Argentina.

We work on:

- ✓ Assistance
- ✓ Care
- ✓ Training
- ✓ Education
- ✓ Work culture

# Sí in Argentina

---

This NGO currently has **2,300 volunteers** distributed in **45 different locations** in Argentina.

*We are constantly working on training new teams of volunteers to develop more projects.*

## Night walks

The objective is to **accompany people who live in the streets** on a social re-insertion process through different areas

Every night different groups of volunteers visit homeless people to generate a bond of trust and work together in their reintegration through different areas of work, such as:

- Addictions
- Labor inclusion
- School inclusion
- Animals
- Health

- Retirements

## **Sí Pueden!**

---

It's a project destined to work on the **emotional development of children and teenagers** of needed communities through games, art workshops and sports.

Every weekend a group of volunteers shares different activities with children to work on the **development of their self-esteem** and their abilities.

## University Residences

---

We promote the **increase of opportunities** for the access of young people from **rural areas** to universities, to articulate them with the needs and demands of the region where they come from.

We opened:

2 houses in Santiago del Estero

1 house in La Rioja

1 house in Córdoba

1 house in Catamarca

1 house in Salta

1 house in Rosario

1 house in Neuquén

*In 2019 we will open 2 more houses in Corrientes and Tucumán*

## Bank of musical instruments

---

The program seeks to **strengthen levels of education**, encourage self-esteem, and develop values of discipline and responsibility.

We collect musical instruments and provide them for free to Argentinian low-income children and adolescents.

## **Natural disasters**

---

We provide immediate and long term assistance on natural catastrophes all across the country.

We work in three fases:

1. We focus on the **emergency**, so we send what is necessary to cover the basic needs: food, water, diapers, clothes and medicines.
2. We made a **deep survey**, door to door, family by family, to gather information about the losses of each of them.
3. We focus on the **re-equipment** of work tools.

## **Productive Entrepreneurship**

We promote the **work culture** and **generate incomes** to families that assist to comunitary centres where we work at.

We work to **empower single mothers** in their possibilities and potential opportunities.

# Economic Support

All these projects is carried out through private donations, both from the community and from companies that collaborate with the organization.

¡Muchas gracias!
